PRICE TEN CENTS

Pike Asks For Sanity Hearing

Charles H. Pike, 33, 88 Pleasant street, Cambridge, is being held in \$5000 bail, after appearing in two courts yesterday, to answer charges of the police departments of three municipalities. In Woburn court, yesterday morning, Judge William Henchey ordered Pike held in \$2500 bail, after charges of speeding, and driving to endanger, had been preferred by the Wilmington and Reading police departments. Pike was then taken to Malden court, and the Malden police preferred a charge of lewd and lascivious conduct, before Judge Emma Schofield, who ordered him held in another \$2500 bail, making the total \$5000. Pike was to appear again, in Woburn court next Tuesday, but instead asked for a sanity observation, and has been sent to Waltham hospital for 35 days. He is scheduled to be in court on Sept. 22nd.

Pike was captured, by the Wilmington police, at gunpoint, Monday afternoon in Burlington. The capture was made by Officers George Fuller and George Shepard, who had been waiting, out of sight, nearby, watching for him.

Pike, wanted in half a dozen communities, in Massachusetts and Maine, jumped his bail of \$500, on July 31st, in Woburn, rather than face charges preferred by the Wilmington and Reading police. He had been captured, on July 30th, in Stoneham, after a thrilling 85 mph chase from North Wilmington, through Wilmington and Reading.

The capture of Pike, Monday afternoon, came as the result of a carefully laid plan, which the Wilmington police dubbed "Operation Quiet" because of the secrecy involved. After Pike had jumped bail, on July 31st, every member of the Wilmington police department vowed that he would again be captured. An elaborate search was instituted, involving all of his known acquaintances, and places where he had been known to work. It was discovered that he had a car near a camp in Billerica, and, among other things, a watch was set on this car.

On August 12th, the Fieldstone Garage, in Burlington, received a call from a pay station in Boston, asking them to get the car and repair it. The Wilmington police learned of this, and from then on kept a 24 hour watch on the garage.

WANTED

Young lady for real estate in Wilmington, and North Reading. Car necessary. Call Stoneham 6-0291.

without the knowledge of the people who worked there. Each of the Wilmington policemen, in their turn, took part, always watching from a spot where they could not be seen.

In addition to the watch on the garage, there was also a watch on the highway, (Route 3), leading to the garage, both to the north and to the south. Private autos, equipped with radio were used, and Wilmington and Burlington police kept vigil in these.

On Monday afternoon special officer Leo LeBlanc of Wilmington and officer Ed. McCafferty of Burlington were in a car, south of the garage. They saw Pike, driving north, and radioed the other car. Both cars closed in, and arrived at the garage within 20 seconds of the time that Pike had drawn up in front of it.

Officers Fuller, and Shepard also saw Pike, and advanced, with guns drawn. Before he could get out of the car, he was covered and handcuffed. After being handcuffed, and as he got out of the car, the two cars with the reinforcements swung into the garage yard.

Pike had been staying at Hampton Beach, according to the story that he told the Wilmington police, under the name of Mark Evans. He had a social security card, with that name. Wilmington police say that he is wanted by the police department of Malden, on two warrants, and by the Augusta Maine police, on charges that are several years old. He has served nine months, police say, on a morals charge, at Deer Island.

ATTEMPTED BREAK AT PAPER STORE

Wilmington police received a report, Monday, that there had been an attempt to break into the paper store, in Wilmington square. A screen in the back of the store had been removed, and an attempt was made to loosen the window, but without results.

LITTLE LEAGUE N.E. CHAMPIONSHIP GOES TO NEWTON

The Little League is over, as far as New England is concerned. This year's championship team is the tournament team of Newton North, which defeated Warwick RI, Monday afternoon, at the Woburn Little League park, by a 5-0 score.

The Massachusetts team, which will now represent New England in the Little League World Series, in Williamsport Pennsylvania, on August 25th, had defeated the Babe Ruth League of Worcester, Saturday, while Warwick had defeated New London, Conn.

Over 3000 fans estimated to be at the Woburn Little League Park, Monday afternoon, to watch the last game of the year. The park had been extended, to accommodate the fans, with extra bleachers being borrowed from Winchester and Wilmington.

BIG BACK TO SCHOOL EDITION WILL BE PUBLISHED NEXT WEEK

Next week the readers of our paper will see and read one of our biggest back to school editions ever published. Advertisers have many values in store for mothers planning to outfit their children for back to school sessions. Our advertising manager, Bernie Patterson, has been working hard on this edition which will be very colorful and full of ideas for parents. Many feature stories will be included with the ads.

DAV NEWS

Disabled veterans face 100 to 1 odds in their fight to develop and protect the nation's rehabilitation program and therefore depend on the American sense of fair play to achieve their objectives, James P. Kelly, Service Officer of the Wm. F. Tattersall Chapter 106 Disabled American Veterans said today.

"About 20 percent of our population is composed of farmers," he said. "About 10 percent are members of labor unions. But only a little more than 1 per cent, fortunately, are disabled veterans."

"Compared with other groups seeking protection of their rights, disabled veterans are a weak minority. They must depend on the American sense of fair play to develop and protect our program of rehabilitation for disabled veterans."

The DAV Service Officer said among the ways Americans can demonstrate their sense of fair play and show in a tangible way their feeling of obligation are as follows:

1. See to it that disabled veterans have the finest medical care.
2. Make sure there are adequate numbers of Veterans Administration hospital beds.
3. Urge the Congress to provide disability compensation based on present day living costs.
4. Develop a sound program of vocational training.
5. Assist in proper job placement.
6. Prevent any false, so-called economy legislation that would destroy this nation's rehabilitation program.

MALICIOUS DAMAGE

Malicious damage to property off North street, in North Wilmington has been reported to the Wilmington police. Sidney Kaiser, of Pineridge road, reported yesterday afternoon, that damage has been done to his rabbit warren, and that a fishing pole, valued at \$12.00 has been stolen.

WINDOWS BROKEN ON CLARK STREET

Wilmington police have released to the custody of the boy's parents, a boy who was caught breaking windows, at a home on Clark street.

THE WILMINGTON RAMBLERS

Wilmington's popular semi-pro team, who have been making themselves known by their fine playing. L to R (front row) Butch Casey, Billy Ethier, (second) Ralph Lepore, Dave Newhouse, Al Ethier, Fergie, Dick Harrington, George Thompson, (third) Sam Ethier, manager Bill Woods, Earl Baldwin, Gene Hovey, Francis Hoban, Jay Tighe and Frank DePiano. (Polaroid photo in a minute by Wilmington Crusader)

DAV CARNIVAL NEXT WEEK

The William F. Tattersall Chapter 106 of the Disabled American Veterans first annual Carnival is to be held on the DAV grounds, at 60 Grove avenue, all of next week, starting Monday, and lasting all week.

During the last summer, the DAV has been filling in, in back of their hall, in preparation for the event. Over 300 loads of fill have been used, so that today there is ample room, and the DAV assures everyone that there will be plenty of parking space.

About nine booths will be at the carnival. Three major rides and other attractions are promised. The Ladies Auxiliary will also be operating in full force, with a booth of their own, for refreshments. All proceeds will go to the building and hospital fund.

SYNAGOGUE HAS ANNUAL WHIST TONIGHT

The annual whist of the Wilmington Synagogue, Auxiliary, will be held tonight, in the Social Hall on Salem street, North Wilmington. A nice list of prizes will be given, and refreshments are to be served. A beautiful hand-crocheted bedspread is to be sold, on chance, which bedspread has been on display at the home of Mrs. Eva Elfman, Main street, for the past week.

Everyone is welcome. The whist starts at 8 p.m.

EVERETT COLE IN ILLINOIS

Everett Cole, Church street, is a student at Scott Air Force Base in Illinois. His address is H3c Everett N. Cole, Jr., AFB 12431819, Box, 352, 3333rd St. Gp. Scott AFB, Illinois.

The Wilmington Crusader assumes no financial responsibility for errors in advertisements, but will publish without charge a correction in the next issue.

Subscription Rate \$3.00 a year. Half year \$2.00. Newsstand Price 10 cents a copy. The Wilmington Crusader is mailed to every serviceman from Wilmington through the co-operation of the American Legion. Servicemen are asked to keep the Crusader posted as to their latest address. Back copies 15 cents, after 1 month 20 cents if available.

Address all communications to Box 506, Wilmington, Mass.

PAPERS AND NEWS FOR THE SERVICEMEN

Last week, the Reading Chronicle printed, in their editorial column:

"WE ARE INTERESTED IN THE SERVICEMAN"

We received an anonymous letter recently complaining that while we print plenty of news about the boys and girls who go to college, no one cares about those who went into the services. We don't know how to answer the lady except to say that we print every scrap of news we get about servicemen and will be only too happy to record where her son is and what he is doing if she'll only tell us. It is partly up to our readers to give us news of themselves and their families. We can't go from door to door asking 15,000 people if they have news this week.

While the armed services have public relations bureaus they do not function as completely as the college public relations bureaus. Also their personnel being scattered all over the face of the globe makes it more difficult to get their news.

Another letter came from a Reading boy overseas who gets the Chronicle and would like to see names and addresses of all Reading servicemen appear in the paper. That is a pretty tall order. No such list exists to be readily picked up and printed. We have the addresses of about 50 who have the Chronicle sent them. Past experience with printing coupons and asking for information about servicemen leads us to believe that we would get very few.

Servicemen's addresses are so complicated and change so frequently that it might be they would change before the Chronicle in which they were printed reached its overseas subscriber. However, we would try if our readers wish it.

We might remark in passing that we experience a great deal of trouble in getting papers to servicemen, partly because addresses change so often and partly because this class of mail gets scant attention from Uncle Sam."

We can appreciate the difficulties, of which the Chronicle speaks, because we are sending about 175 copies of the Crusader, every week to our servicemen. The difficulties that the Chronicle is experiencing is no news to this paper, even if we do have the assistance of the American Legion, which is deeply appreciated. Keeping account of the constantly changing addresses of somewhere between 150 and 200 persons is not easy, and we know that there are times when some of them become misplaced. There are other times, (far more so) when the servicemen do not get the paper, purely because they neglect to tell us they are being transferred. We would like to cite again the experience we had, some time ago, when we paid the return postage of seven successive copies for one serviceman from Wilmington, who had not told us his new address. At the same time, and in the same mail, we received a letter from this man, saying, "Where the — are my Crusaders?"

We probably have far more co-operation, in our town, than does the Chronicle in Reading, but just the same, we feel that we can echo the Chronicle's plea, and say that we will print every bit of news we get, and that we will send the paper to every serviceman and woman, if you will only tell us.

OUR ELM TREES

Wilmington appropriated \$1050 this year, to combat the Dutch Elm disease. With this money, three thorough sprayings of our trees, by the tree department, has apparently paid off, for we are below the average of other nearby towns, in infected trees this year, and most of our elms are appearing to be in excellent condition, with fine new growth at the tops of the trees.

We believe that it is the type of sprayer that has done this, together with judicious use of the proper time for spraying. The sprayer, which was chosen by our Town Manager, is mounted on a truck, and expels the poisons at a very high velocity, sure to reach up to the top of every tree. We have

noticed that the work was always done in the early hours of morning calm, when the poisons would not be dissipated by the winds, and this, too, has seemed to pay off. Parenthetically, one of our neighboring towns has used a helicopter, and it would seem that the results there, are only average. Of course, we do not know the full story, in that case, for some of the trees that they have reported infected this year, may be left-overs from the preceding year.

So far, this year, Wilmington has found only 14 trees to be infected. We know that our tree warden has kept a careful check, and we are confident that very few, at the most, have escaped detection. In Chelmsford, there have been 70 trees, in Billerica, about 50, and in Reading 45. The City Council in Lowell, has suddenly become aware of the number of trees which are affected in that city, and we can name a few towns in which we think the infected trees number in the hundreds.

It might be well, at this point, to say a few words about the manner in which the disease is spread, and a few kindred subjects. The disease is spread by a beetle, which loves to feed on the inner bark of the new branches. This beetle gets up in the top of the trees, and attacks the new branches in the crotches, where they divide. It is for this reason that we must be sure that it is the top of the tree that is covered, as well as the other parts.

There is another disease that is also killing our elms, the so-called "scale" disease, which causes the bark to fall away. We do not know if there is a remedy for the disease, but we are certain that trees killed by it should be cut down, as well as those killed by the Dutch Elm.

Which leads us to the point. We believe that this town would be wise to increase its appropriation, next year, and to empower the tree department to cut down every dead elm, no matter where the elm may be. There is no sense in cutting down 99 dead elms, along our highways, and leaving one dead elm on private property to serve for a new point of infection.

Most of our citizens have good intentions about cutting down a dead tree, but they are all human, and disposed to "put off" the cutting, because of more pressing personal business. Only by having all the infected trees cut can we save the rest, and our tree department is the logical agency to do the work.

OPERATION QUIET

Congratulations are due to the Wilmington police department for their brilliant capture of Pike. It was brilliant, in the sense that many successful operations are brilliant, that is, that hard unremitting toil has paid off.

Pike jumped bail. It was no fault of the Wilmington police, because they had to release him under bail, according to the law. But to our police it was doubly aggravating, because of certain circumstances, and they determined that he would be again captured—hence Operation Quiet.

Every man in the Wilmington department co-operated, as did a lot of officers of other departments. There was no thought of extra pay, or time off. Wilmington officers, off duty, visited Chelsea, Everett, Revere, Cambridge, Watertown, and other places, time and time again, looking for signs of their man. Probably every town within 30 miles of Wilmington was visited in the search. They found everything about their man, his habits, and his idiosyncracies, and it paid off.

Pike was a man who had three cars. One of these was kept in a camp in Billerica. These cars were watched, and when he phoned to the garage, from Boston, a Wilmington officer watched that car being moved. The people in the garage didn't know, but we all know now, how the place was watched.

Of course there was co-operation with the other departments, in other towns and cities. Burlington, as well as others for instance, did their part, but the brunt of the work fell on the Wilmington police, and the greatest part of it was done off duty, on a volunteer basis. Every member of the Wilmington police department did his part.

But that is only half of the story. The Wilmington police are now confident that a certain man, who was always seen in a green car, will never again be seen in Wilmington.

For the past two years, an individual, in a green car, has been annoying young girls in Wilmington. The story was always the same—about 30, a green car, and an isolated area. There are, perhaps, a dozen instances recorded in the Wilmington police files.

The person who did this annoying was quite adept about escaping. The police felt that it would not pay to broadcast an alarm, but rather, that to keep quiet, and keep their powder dry was the best course.

On July 30th, on Ballardvale street, a man in a green car, answering the description of the individual, was reported. The rest is history. But, before July 30th, for two years, there had been an awful lot of unremitting toil, for which they were never paid, and for which they were perhaps castigated by unknowing citizens, by members of the Wilmington police department. All sections of town were patrolled, by officers, off duty, and in civilian clothes. Sometime, they knew, they would spot their quarry.

As far as the Wilmington police are concerned, the case is now closed.

GIANT OIL FIELDS AIDED BY OTHERS IN 27 STATES

Although some oil is produced in 27 states, more than half of all that has been produced in the United States to date has come from 164 large fields in

14 states. Texas has 64 of these giant oil fields, each with estimated ultimate production of 100 million barrels or more. California has 34, Oklahoma 22, and Louisiana 15.

POLICE GET AN S. O. S.

Wilmington and Billerica police received what amounted to an S.O.S. from the Burlington police department, Saturday afternoon.

A group of people were having a picnic, at Johnson's Grove, just over the line from Wilmington, and a youth invaded the picnic. He was ejected by one of the picnickers, but not before fisticuffs had taken place. Later, the Burlington special officer who was present looked up to see about a dozen youths standing on a hill overlooking the picnic grounds. In the woods, to left and right, still more could be seen. The Burlington officer took no chances, and called his headquarters, who immediately called Wilmington and Billerica. All three departments responded

quickly, and about a dozen police arrived on the scene, whereupon the youths disappeared into the woods. It was thought by the police that they came from Pinehurst.

OIL-BASED FLU VACCINE

Influenza vaccine has been found to have 10 to 32 times more potency when mineral oil instead of water is used as a base. Mineral oil, which is made from petroleum, also has been used successfully as a base for a polio vaccine. Experiments at the University of Pittsburgh School of Medicine indicate the new influenza vaccine with mineral oil may double the period of immunity and protect the human body against all known types of flu virus. Oil promotes progress in medical fields as well as in fields of science, industry and business.

AUGUST 23RD IS THE LADIES GAME

Umpires to get chance
To get even with the Women

At 2:30 p.m. Sunday, the Hecklers are due to have a game with the Giants, on Wilmington Common. Just in case you have forgotten, the Giants are the winners of the Little League Minor League pennant. This time they will not be playing as Little Leaguers, but they will be playing the same brand of baseball that they showed this summer.

The Hecklers? They are the ladies who sat in the front row, during the Little League games,

Commonwealth of Massachusetts Middlesex, ss.

and told the Umpires how to umpire, told the Coaches how to coach, and the players how to play. Now the ladies have decided that the tables should be turned, and that the umpires, coaches and players should have their chance to heckle the ladies. Some of the Little League personnel, who have been watching the ladies at practice have stated that "I wouldn't miss this game for anything!" Other statements, by such notables as John Ritchie, one of the Little League coaches, "I wouldn't miss this game if they paid me!"

They'll all be there. The fans, the coaches, the players, and the umps. It will be their turn, and they know they'll love it.

The ladies are to have tag day, and there will be refreshments. Mrs. Florence Peters, of Shawheen avenue is chairman of the event, and Cliff Waters is to manage the Giants. The manager of the Hecklers? They are very coy about it, say that it is going to be a big surprise. All the ladies will admit is that it will be "Miss Bee and Miss Are."

The umpires? George Spanos, the Mayor of Wilmington is one of them. George knows how to serve scrambled eggs on a plate, but the betting is that he won't be able to unscramble some of the plays at home plate. The other umpire is to be Wes Baker, who has promised that he will leave his glasses at home.

All the Little Leaguers, and their parents and friends are invited to attend.

O'NEIL RESIGNS FROM BOARD OF HEALTH

John O'Neil, chairman of the Board of Health, for the past year, has tendered his resignation to the Town Clerk, as a member of the board. O'Neil, who lives on Church street, has received orders to report to San Francisco, immediately, for sea duty with the United States Navy. A veteran of World War II, O'Neil is a Lieutenant in the United States Navy.

"TEEN TALK"

by Kay

Dottie Chisholm has returned from Delaware and are her friends glad to see her. She plans on staying here in Wilmington until September. Dottie says "There is no place like Wilmington, Mass." and I guess a lot of people agree with that. Dick Moore has returned from Maine after spending most of his summer there.

Gini Stevens, Irene Wicks, Mary Lou Swain are making the best of their last few weeks in Maine.

Buzzie Fields just can't wait till school opens again. A lot of kids, I think, will disagree with you, Buzz.

Now to get on to a serious subject. Over the week-end two accidents happened which involved mainly teen-agers. These accidents were not as serious as they could have been nor were they the fault of the drivers, but nevertheless this calls for some serious thought on the part of all of us.

Do you, and I mean you, realize how much your parents worry when you leave your house for an evening of fun. Can you possibly imagine the fear in their hearts when the telephone rings in the dead of night with the news that something has happened to you.

Next time you get behind the wheel of a car and tend to be a little on the reckless side, THINK and then "TAKE TIME TO LIVE."

DAV AUXILIARY NEWS.

The last regular meeting of the DAV Auxiliary No. 106 was held at the DAV headquarters, 60 Grove avenue, on Thursday, August 13th. Nine new members were initiated. The auxiliary voted to hold a point whist party, under the auspices of both the Chapter and the Auxiliary, on Tuesday evening, September 1st, at the clubhouse.

An unanimous response was made by the Auxiliary members to give the Chapter all possible assistance during their coming carnival, which is to be held on the clubhouse grounds, at 60 Grove avenue, from August 24 to August 29—inclusive.

The food table will be in charge of the ladies, and sandwiches of all kinds, hot dogs, and other refreshments, including coffee, will be sold during the carnival.

A food sale will be held on Saturday afternoon, September 5th, at the home of Commander Tattersall, 10 Grove avenue. Donations of any kind of canned or cooked foods will be greatly

● Musical Instruments

appreciated by the Auxiliary. After the meeting adjourned, a very fine lunch was served by Miss Esther Kelly, Charlotte Duggan and Rita Palino. The next meeting will be held on Thursday evening, September 10th.

LAUNDRETTE TO OPEN ON MAIN STREET

Joseph A. Grimes was given a permit, at the Town Hall, Monday night, to install and operate a laundromat, on property owned by him, (the old Roger Buck garage) at 460 Main street.

The permit was given to Grimes, after a hearing attended by neighbors, in which assurances were given that there would be no detrimental

effects to the neighborhood, by the operation of the laundromat.

Grimes, in a statement to the press, Tuesday, says that he hopes to be open for business, within a month. He assures the public that only the best of service will be rendered by his concern, and that all operations will be very carefully conducted.

AHERN FAMILY RETURNS FROM VACATION

Mr. and Mrs. Arthur Ahern, and daughter Loraine, have returned home from a vacation which took them to Maine, New Hampshire, Vermont, New York and Canada, including visits to the Thousand Islands, and to Niagara Falls.

HUGH J. McCABE

Hugh J. McCabe, husband of Elizabeth C. (Carroll) McCabe, passed away at his home, 159 Grove avenue, August 15th, after a long illness. The father of eight children, he is survived by his widow, and James H. McCabe and Paul M. McCabe of Wilmington, Sister Huberta CSJ, Helen R. Casey of Wilmington, John J. McCabe and Leo F. McCabe of Medford, Edward J. McCabe of Dorchester and Alice M. Welch of Tewksbury.

Mr. McCabe was a member of IBTW local 1, Life Member Telephone Pioneers, and was well known and respected in the Silver Lake district.

Funeral services were held this morning, at 8:15, at the W. S. Cavanaugh & Son Funeral Home, 374 Main street, with a Solemn High Mass of Requiem at St. Thomas church at 9 a.m. Burial was in the family lot in Wildwood cemetery.

ACCIDENT IN NORTH WILMINGTON

A two door sedan, owned and driven by Robert Surratt of North Wilmington struck a tree, apparently as the result of a skid, on Middlesex avenue, at about 6 a.m. August 15th. The Wilmington police ambulance, driven by Officers Cuoco and Palace took Surratt, James Landis and Jerry O'Keefe, all of Wilmington to the Choate Memorial Hospital, in Woburn, where they were treated for minor injuries and released. The car was towed to Surratt's home, by Cain's wrecker.

POLICE INVESTIGATE SLEEPERS

Officers Imbimbo and Shepard were called to Burlington avenue, at 4 p.m. Saturday, to investigate two youths, sleeping in a car near the Harry Lock home. Neither of the youths had a license. One was from Reading and the other from North Reading. They told the police that they had taken two Wilmington girls home, and that their car broke down. Further investigation is to be made.

HOW TO LIVE WITH YOUR HEART

AVOID SELF-DOSING—"HE WHO DOCTORS HIMSELF HAS A FOOL FOR A PHYSICIAN."

Comments by
DR. JOSEPH GARLAND, Editor,
New England Journal of Medicine

IT IS DANGEROUS for the amateur to rely on home remedies for relief of pain, aches or other symptoms of illness.

In the first place, the cause of his distress may be deep-rooted. If temporary relief lulls his fears he may neglect too long the first symptoms of serious trouble.

Secondly, practically every drug alters to some degree the functioning of the body. When drugs are used unwisely by a person unfamiliar with their effect on the body, they may cause harm instead of relief.

Thirdly, the average person, even if he has medical training, is seldom able to analyze his own complaints objectively. In other words, he may attach too much importance to a relatively simple ailment or ignore the early symptoms of serious trouble. The only safe course is to seek the advice of your physician and then follow the course of treatment he recommends.

THE 1953 REGISTRATION PLATES WILL AGAIN BE USED FOR 1954

As a result, new Registration Application blanks have been printed and must be used for 1954 registrations.

Important - The use of any other Registration Blanks cannot be permitted for 1954.

The Registry will issue a windshield sticker which, when pasted onto the windshield, will serve as the visual evidence of a 1954 registration. The 1953 plates will be validated for 1954 by a new certificate of registration which will bear the 1954 registration number as well as the Financial Transaction number for auditing purposes.

It is recognized that it will be necessary for the Registry to assign plates in 1954 to those registrants who were not registered in 1953 or

who were registered in 1953 and for one reason or another returned their plates during the year but wish to register for 1954. A special series will be used for such registrations.

The Registry will not be in any position to entertain requests for special numbers or any written or oral requests for the reassignment of five-figured plates to present holders thereof.

The use of any previous year's registration applications for motor vehicles for 1954 will not be permitted, as stated above.

Dates and Data for 1954 registration Applications

Plates Numbered 1 to 10,000, K1 to K1,000, H1 to H1,000.

Blanks for the low-numbered plates only will be mailed directly to the registrants concerned as soon as possible, together with special instructions. These applications, properly filled out and accompanied by the required fee, must be returned to the Registry during the period from September 1 to September 30, in the envelopes provided, and preferably by mail. PLEASE NOTE DATES.

Plates Numbered 10,001 to 100,000, K1,001 to K10,000, H1,001 to H10,000.

Plates with five-figured numbers and those in the "K" and "H" series from 1,001 to 10,000 will be reassigned to present holders provided the applications for them, properly filled out and accompanied by the required fee, are received on or before October 16. Further requests, written or oral, for the reassignment of these numbers are not necessary. PLEASE NOTE DATE.

To insure reassignments of the same five-figured number plates to present holders, those registrants concerned should pay particular attention in answering QUESTION NO. 4 on the application blank. This question is of special importance for persons holding plates K1,001 to K10,000 and H1,001 to H10,000. Failure to prefix the letter "K" or "H" or the insertion of the wrong number will undoubtedly mean the loss of the number for 1954 which they now hold.

Inasmuch as the registry extends the courtesy of reserving the registration plates numbered under 100,000 and those in the "K" and "H" series under 10,000 for those persons now holding these numbers, the co-operation of these registrants is requested to the end that a separate check or money order covering the registration fee accompanies each application for plates in these series. In those instances where registrants have one or more plates in these series in sequence a single check or money order covering the fees for the plates in sequence is acceptable. This detail is necessary to expedite the handling and the

proper reassignment of these reserved numbers.

GENERAL REGISTRATION By Mail (Boston Office Only)

Registration applications, in general, from owners of motor vehicles holding number plates other than those mentioned above will be received through the mail in the Boston office only, beginning MONDAY, OCTOBER 5.

Registration certificates, windshield stickers and plates, if required, which are applied for by mail will be mailed during the latter part of NOVEMBER and in early DECEMBER. Early registration will make more certain that a registrant will be legally on the road by January 1.

COUNTER REGISTRATION

The branch offices throughout the State and the Boston counter will accept registration applications beginning MONDAY, NOVEMBER 2. Insurance companies, their agents, and the public in general should take advantage of this early service and secure their certificates, windshield stickers and plates, if required, at the nearest branch office as soon after NOVEMBER 2 as possible to avoid last-minute uncertainty and confusion.

Branch offices of the Registry are not equipped or personelled for the mailing of registration certificates, windshield stickers or plates.

REPEATED WARNING

The responsibility is on the owner to see to it that the information contained in the application, with regard to the description and place of garaging of the vehicle and his residential address is correct and that he personally SIGNS the blank. If the owner wishes to avoid the possibility of difficulty with his excise tax collector later on, he will insist on filling out the answers to Questions 7 and 10 personally.

(No. 3 of a series)

Modern Roads aren't necessarily super-highways, any more than modern vehicles are necessarily airplanes. Many people think that only famous highways are modern. Truth is: any road is up-to-date that does a good job of carrying the traffic it was built for.

A Good Road permits safe passage at a safe speed for the cars that use it regularly. A well-graded, well-drained dirt road may well be called modern; so might a well-cared for gravel road or any one of the familiar "black tops."

The Moment a road fails to meet the demands of motorists, it is obsolete.

We need modern roads between small towns even between farms. But we can hardly demand that these roads be superhighways.

Exactly What Kind of a road does a community need? A survey of needs is just as important as an engineering survey. A too-expensive road, or a too-elaborate one, is just as bad as one that is too narrow, badly graded or poorly built.

The Use-Value of a road is the determining factor. Planning a modern road calls for thorough consideration of all the needs of the public—industrial, commercial, recreational, agricultural and social. After these are set it's time for the engineers.

It's The Engineers' Job to know how wide the road should be, its course, construction and materials.

Any Compromise with known and expected need is folly & partially condemns the road before it is built. The road of today—the road of tomorrow—will expedite traffic, increase safety & serve the maximum needs of the people who use it!

NO CAVIAR FOR GOVERNOR BUT FISH "MYSTERY" SOLVED: Governor Herter (second left) is shown examining the 20 pound, 42 inch sturgeon which was captured recently after dark off Oyster Rocks in Parker River, Newbury, by personnel of the State's Division of Marine Fisheries. For several years, this species of large "mystery fish" was observed leaping out of the water in the Parker River, to the puzzlement of North Shore anglers. There were many theories that pollock, salmon or even a wandering tarpon was the real identity of the fish until the trained biological crew of the Commonwealth caught the sturgeon. Unfortunately, the sturgeon had apparently cast its spawn this spring because the two pounds of caviar normally found in a five to seven year old female sturgeon of this size were unavailable.

JOE GRINLEY AWARDED COMBAT INFANTRY BADGE

With the 7th infantry Div. in Korea - Pvt Joseph P. Grinley, son of Mr. and Mrs. Joseph P. Grinley, 823 Woburn st., Wilmington, was recently awarded the Combat Infantry Badge for excellent performance of duty while serving with the 7th Infantry Division in Korea.

Symbol of the front-line infantry soldier, the badge consists of a

PVT. JOSEPH P. GRINLEY

miniature silver rifle mounted on a blue background and superimposed on a silver wreath.

Private Grinley, a member of the

31st Infantry Regiment's Service Company, has been in Korea since May. He entered the Army, in December 1952 and completed basic training at Fort Dix, N.J.

GIRL BICYCLIST INJURED

Elizabeth Allowicz, 13, 17 North street, North Wilmington received minor injuries, in a collision between a bicycle she was riding, and a car driven by Ervin P. Kleynan, of 128 Forest street, last Saturday. She was taken to the office of Dr. Fagan, in the police cruiser, by officers Cuoco and Palace, and treated for bruises on the right forearm and right knee. The girl stated that her right hip "hurt".

According to the police, the accident occurred at 5:15 p.m. August 15th at the corner of Bridge Lane and Main street. Kleynan was driving south on Main street, and turned into Bridge Lane, when the collision occurred, as the girl was bicycling north.

BICYCLE STRIKES HYDRANT

Jane Nedone, 8, of Butters Row, was knocked out by the impact of her bicycle striking a hydrant, on Lowell street, last Saturday. She was taken home, by officer Shepard and Cuoco, in the police ambulance, apparently none the worse for her accident.

The first interstate crude oil pipe line was completed from Bradford Field in Pennsylvania to Bayonne, New Jersey in 1888.

TV In The Home

by Rev. Clarence Brissette

Child psychologists claim that all the innate qualities of goodness or viciousness are instilled in the minds of children before the age of six.

This means that in the home the future success or failure of the child is determined. In the home the seeds of virtue are sown and the roots of vice prevented from spreading.

While nature forces children to cry for food, drink and shelter, she seems indifferent about truth and love and spiritual values. It is up to the parents to formulate these matters in the lives of their little ones.

Like Begets Like

This is the fact simply because children are not manufactured articles but raw material to be chiselled or molded and wrought into shape. They are not put on earth as finalities, but possibilities.

Born imitators, children copy the actions, mannerisms, tone of voice, and the attitudes of their parents. Harshness breeds harshness; kindness begets kindness, and purity engenders purity. Whatever faults or virtues parents display, these will be literally translated into their children's lives.

The situation used to be hard enough for the parents. But with the coming of television new problems arise over which par-

ents may seem to have little control. Children were at one time influenced mostly by their parents: now a glamor world forms their everyday surroundings.

On children's TV programs very little effect is given to instill the ideal in their minds, that God is supreme, that they are here for one purpose, to save their immortal souls, and that the 'body beautiful' the programs glorify will return to dust.

Job For Parents

Because of the influence of TV, parents have the obligation not only of supervising what the children see, but an added obligation to offset the evil that accompanies television. More than all else, they must give good example.

You can talk to children most eloquently, give the best of advice, surround the home with all the externals a Christian civilization can offer. You can send them to the best of schools and have the holiest men and women train them.

But if the example of your own lives proves sorely disappointing, you are failures as parents, and your children become heirs to, unhappiness in this world and the next.

PROBATE COURT.

To all persons interested in the estate of **George B. Boutelle** late of Baltimore in the State of Maryland, deceased.

A petition has been presented to said Court for license to sell at private sale certain real estate of said deceased.

If you desire to object thereto you or your attorney should file a written appearance in said Court at Cambridge before ten o'clock in the forenoon on the fourteenth day of September 1953, the return day of this citation.

Witness, John C. Leggat, Esquire, First Judge of said Court, this twenty-eighth day of July in the year one thousand nine hundred and fifty-three.

John J. Butler,
Register.

August 5-12-19

MORTGAGEE'S SALE OF REAL ESTATE.

By authority of a Decree entered in the Middlesex County Superior Court, entered July 30, 1953; and by virtue and in execution of the Power of Sale contained in a certain mortgage given by John R. Anderson and Carol M. Anderson, husband and wife, holding as tenants by the entirety, to the Stoneham Co-operative Bank, dated January 4, 1952, recorded with Middlesex North District Registry of Deeds in Book 1186, Page 114, of which mortgage the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing the same, will be sold at public auction at three o'clock in the afternoon, Daylight Saving Time, on Friday, September 4, 1953, on the premises described in said mortgage, all and singular, the premises described in said mortgage, to wit:—

"the land with the buildings thereon, situated in Wilmington, Middlesex County, Massachusetts, on the SOUTHEASTERLY SIDE OF ST. PAUL STREET, containing 6000 square feet, more or less, and being shown as Lots numbered 84 and 85 on a Plan entitled, "Silver Lake Gardens, Wilmington, Mass., owned by J. W. Wilbur Co. Inc., August 22, 1918, Charles J. Elliott, Surveyor," recorded with Middlesex North District Deeds in Plan Book 35, Plan 42; said Lots 84 and 85 being together bounded and described, according to said Plan, as follows:—

NORTHWESTERLY by St. Paul Street 60 feet;
NORTHEASTERLY by Lot 83 on said Plan 100 feet;
SOUTHEASTERLY by Lots 94 and 93 on said Plan 60 feet; and
SOUTHWESTERLY by Lots 88, 87 and 86 on said Plan 100 feet;

Together with the fee in so far as the grantors have the right to convey the same of all the streets and ways shown on said Plan in common with the owners of other Lots on said Plan; and subject to the right of owners of other Lots on said Plan to use the said streets and ways. Being the same premises conveyed to grantors by Everett Nelson Cole et ux by deed of even date," duly recorded with said Deeds.

Said premises will be sold subject to any unpaid taxes, tax titles, or other municipal liens or assessments, if any there be.

Terms: \$750.00 at time and place of sale, balance in ten days thereafter at the office of said mortgagee Bank, 365 Main Street, Stoneham, Massachusetts.

LOWELL STARS BEAT RAMBLERS 5-0

"Fergie"

An all-star team from the Lowell Two League handed the Ramblers their first blanking of the season as they dropped the hometowners 5-0 before a small crowd at the Town Park Sunday, August 16.

Righthander Dick Loranger of the Monarchs, Lowell's top team, looked brilliant on the mound in holding the Ramblers to three hits. He was a threat at the plate, too, with a double and a single in four trips.

Wilmington's ace southpaw, Earl Baldwin, had one of his rare off-days, and just couldn't find the plate. The slender portsider walked in two runs in the fourth with bases jammed, and also hurled 14 straight balls in that frame.

The Stars reached Baldwin for five hits and three runs before Wilmington Manager Sam Ethier brought nephew Al in from left field in the fourth to hurl the rest of the way, sending Baldwin to fill the outfield gap.

Ethier held the Stars hitless until Bob Loranger teed off in the seventh for a single. With two out and Loranger on second, "Wee Willie" Barsorian of Merrimack sliced his third hit of the game into right field scoring Loranger.

The fifth and final run came in the eighth on a double by Bob Howe of Nashua and Providence College, which scored Dick Loranger.

The Ramblers came their closest to a tally in the sixth.

Baldwin led-off with a single and Lepore reached on a fielder's choice. Fran Hoban walked with two out, loading the sacks and bringing up power-hitting Dave Newhouse. But Dave failed in his attempt to loft a game-breaker over the fence as he filed deep to left retiring the side and ending the rally.

The loss was the first this season for Baldwin against four victories.

It's certainly plain to see...

Chevrolet trucks must be the best buy!

This year again—or the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. It's plain to see that Chevrolet trucks out-sell all others because they out-value all others!

**For the best buy
— buy now!**

HEAR UP-TO-THE-MINUTE NEWS AROUND THE CLOCK
Every Saturday and Sunday • ABC Radio Network

When truck users show a continued preference for one particular make of truck, you can be sure that preference is based on a single sound reason: *It's the best buy!*

Year after year, truck users in every field show a clear-cut preference for Chevrolet trucks by buying more of them than any other make.

Why not drop in and see why so many more truck buyers choose Chevrolet? You'll find, as they have, that Chevrolet trucks offer more of the features and advantages you want . . . more solid value in every way . . . yet it's the lowest-priced truck line of all!

MAIN STREET

WILMINGTON

An artist's sketch shows the new First National Super Market, located at the corner of Main street and Lindenwood Road, Stoneham. The property is the former Judge Stevens Estate. The new market, the most modern in the Greater Boston area, officially opened Wednesday, August 19th.

FIRST NATIONAL SUPER MARKET OPENS NEW STORE

sible wide aisles and ample Officials of First National Stores announce that the new supermarket at 259 Main street, Stoneham opened on Wednesday, August 19th at 9 o'clock. Located in an easily accessible section of the Town, the store area includes parking facilities for 130 cars. Featured in it are the latest conveniences for efficient shopping; the most modern equipment available has been utilized for the display of a complete line of grocery and meat items.

In charge of store operations

is Edward Dingwell, grocery manager, and Michael Tecce, meat manager. Both of these men are well known in Stoneham, having served the community from the old store.

Sales area for the supermarket is 7151 square feet, making parking room for traffic-free shopping. To speed up the last part of the shoppers' visit here are six high speed, belt type check stands. There is also a speed check-out for those who have purchased only a few items. Another feature for convenient

shopping is the parcel pick-up, where customers can drive right to the door to have their groceries loaded into the car.

Other highlights of the store include a health and beauty aids department, housewares, a 24 foot double deck dairy case with a complete line of products of the farm, 70 feet of self service meat and fish cases, and 32 feet of frozen foods.

Magic Mat, or automatic doors make entrance and exit an easy matter.

The store is located in the north end of town at the corner of Main street and Lindenwood Road. The property was formerly known as the Judge Stevens estate.

Invited to assist at the opening ceremonies were the Board of Selectmen and Captain of Police J. Clarence Nelson.

SWIMMING AND FIELD EVENTS PLANNED FOR LABOR DAY

The annual Labor Day swimming and field day, at the Wilmington Town Beach, at Silver Lake, is to be run as usual, this year. Officials are now making plans for the event, which will occur during the afternoon of September 7th. In addition to the swimming and other races, there is to be a beauty contest, for the young ladies, it has been announced.

AGREEMENT ON HATHAWAY ACRES DRAINAGE

Residents of the Hathaway Acres development, in North Wilmington, the developer, and the Wilmington Board of Health reached an agreement, at the Board of Health meeting, Thursday evening, whereby drainage pipe would be installed in the development. The agreement calls for the town to install catch basins, and pipe, on Coolidge road,

Chapman avenue and Sheridan road, for residents of three households along a ditch to pay for pipe to be installed adjacent to their property, and for the developer to pay for pipe in his property, with the developer doing the installation of the pipe.

A survey had been made by engineers employed by the town, to which the developer, Mr. A. P. Rounds objected, on the ground that he preferred to have his own engineers look over the project. Mr. Rounds told the chairman of the Board of Health, John O'Neil, that he was all for improvements, but that he wanted to make sure that the improvements were going to be useful, and for that reason he preferred to have his own engineer. O'Neil and the board were agreeable to this proposition.

The agreement calls for these individuals to provide pipe for about 100 feet, at each of the three properties. A 12 inch pipe had been recommended by the engineer employed by the Board of Health. The agreement also calls for an inspection of the project by the Wilmington Sanitarian, Mr. Patrick Thebeau.

COUNTY LEGION CANDIDATES

Two popular and active Legionnaires have announced there can-

didacies for office in Middlesex County Council. The American Legion at the election to be held in Ashland next September. 13.

They are George K. Walker, Past Commander of Watertown Post #99 and also Past Adjutant of the County Council who will run for the office of Junior Vice Commander and William L. Sloane, Past Commander of Milligan-MacKenzie Post 273 of Burlington who will be a candidate for Treasurer of the County organization.

Sloane has also served as a Sub-District Commander.

A NEWS BULLETIN FROM THE TELEPHONE CO.

Since April 1, 1944, we have had to quote telephone rates "plus Federal tax"—15% on local service and tolls under 25 cents; 25% on tolls of 25 cents or over.

These are excise taxes we collect from our customers and forward monthly to the Government. They were raised to present high levels back in 1944 largely to discourage the use of telephone service during wartime shortages of facilities. Post-war legislation continued them.

Although they apply to a service essential to most people, the telephone excises are higher than on things not classed as essentials—for example, jewelry, furs and perfume. They seem to be an undue burden on the users of telephone service.

For a year's period ended June 30, 1953, Federal excise taxes we billed telephone customers for the Government totaled \$3,213,636 in Maine; \$26,106,043 in Massachusetts; \$2,457,824 in New Hampshire; \$3,573,697 in Rhode Island; \$1,440,810 in Ver-

MAGNETOMETERS USED IN SEARCH FOR OIL

Airborne magnetometers, used during World War II to locate submerged enemy submarines, have become so important in the hunt for hidden deposits of minerals to supply American needs that over a million square miles of territory have been surveyed by such instruments. The magnetometers are trailed behind and below airplanes that fly at low altitudes in parallel paths over the surveyed area.

They detect magnetic minerals and signal recording instruments in the plane. The use of such equipment is a great aid to all of us. It enables oil companies to find oil with inexpensive, effective methods, and pass the savings on to the public.

This Gadget

HAS A GRIP ON INFLATION

New strand link now
widely used on cable
projects

It's called a strand link and you'll be seeing many of them put to work in Massachusetts this year. Looking like a 9-inch aluminum cigar, it simplifies the job of connecting the wire that supports telephone cables. Just insert wire in each end, and pull. The more the tension the tighter its grip.

Many of these links were recently used in the Worcester-Southbridge area, others in connection with the dial conversion at North Wilbraham; more went onto the cable route over the Mohawk Trail and between Otis and North Adams.

Each link that is used results in material

and labor costs about two dollars less than the costs of the former method of connecting wire.

The strand link is only one example of the cost-cutting innovations being put to use in Massachusetts, and throughout the company generally. Because present day costs of providing telephone service are so much higher than they used to be, it is necessary that every practicable cost-cutting idea be used.

Cost-cutting devices such as this have helped us keep telephone costs from rising any higher than they have.

NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY

ACCIDENT INJURES TWO AT NO. WOBURN LINE

Dave Manson and Peggy De Felice were both injured, in a crash within a stones throw of the North Woburn line, last Friday. Photo shows car, wedged against elm tree, after skidding. (Photo by Farino)

Skidding on a wet pavement, on south Main street, just south of Warner's filling station, sent Spurgeon D. Manson, Jr., (better known as David Manson) 19, of Lake Street, and Miss Peggy De Felice, 16, of 1 Commonwealth avenue to the Woburn Choate Memorial hospital, Friday night.

The accident occurred at the point where the old highway is divided from the new one. Manson, who was driving the car, apparently skidded while driving the car around the bend, in the driving rain, and the car veered, not coming to a stop until it had hit the tree, about 10:30 p.m.

Officers Thomas Troy and Albert Palace of the Wilmington police rushed to the scene of the accident, in the police ambulance and took the injured couple to the hospital, where Dr. J. Vincent DiRago treated Manson for a brain concussion, and sprain of the leg. Miss De Felice suffered a brain concussion, and a painful injury in the region of the left eye, caused when she struck the windshield. Manson was discharged Monday, after it was found that there was no fractures. Miss De

Felice is still in the hospital, and will probably be there for 10 days to two weeks.

The entire left side of the car was crushed by the impact.

12 YEAR OLD CAUGHT

A 12 year old youth has been released to the custody of his parents, after he was caught by the Wilmington police, Monday, causing damage to an abandoned building in the Marion street area of town.

GUESTS AT HUNTLEY'S
